Michiel de Vlam, zoon van Sebastianus en Maria van Leuffel, was ongeveer 34 jaar toen hij aanmonsterde op het schip Goudestein, wellicht een pinas. Het schip is aangekomen in Batavia, maar er is geen informatie over of en wanneer Michiel is aangekomen of indien hij onderweg is overleden, hetzij tussen de Republiek en Batavia met Kaap de Goede Hoop als tussenstop. Hij was of soldaat of matroos/busschieter (wapen van de Sint-Norbertusgilde), ofwel misschien officier (want met 30 jaar was hij al te oud om matroos te zijn. Misschien was hij gewoon passagier, op weg naar avontuur, roem en fortuin?
